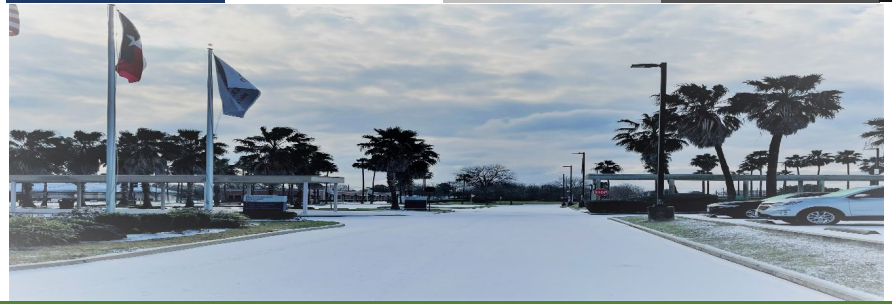
Winter Storm Uri (SNOVID)

4
inches of snow & sleet

7M
people without water

0
Texans prepared…

5M
people without power



10
hospitals on fire watch

10
hospitals on a boil water notice

"This was one of the most impactful winter events in recent history that brought multiday road closures, power outages, loss of heat, broken pipes, and other societal impacts for the region. While the damage is still being assessed, this will likely go down as the first billion dollar disaster of 2021 globally, and potentially the most costly weather disaster in the state of TX history, surpassing even Hurricane Harvey from 2017"
