ASPR TRACIE-Developed Resources

Since the ASPR TRACIE launch in 2015, our staff and SMEs have developed resources to support healthcare system preparedness, public health preparedness, and disaster clinical professionals plan for, respond to, and recover from all hazards disasters and emergencies. This document provides a synopsis of some of those resources that may be most useful for regional field staff. A full list of resources can be found at asprtracie.hhs.gov/tracie-resources.
