

Emergency Prescription Assistance Program (EPAP) Hurricanes Irma & Maria- USVI Data Fact Sheet

November 2018

The [Emergency Prescription Assistance Program \(EPAP\)](#) is funded by the Stafford Act and is designed to help disaster survivors access prescription medicines. EPAP can also be activated by the Public Health Service Act under the authority of the National Disaster Medical System (NDMS). The program utilizes normal business operations (e.g., electronic prescription claims processing, utilization of the normal pharmaceutical supply chain for distribution and dispensing) to pay for prescription medications for eligible persons.

This fact sheet provides a summary of the EPAP data collected and analyzed for the **US Virgin Islands (USVI) only** following Hurricanes Irma and Maria from **November 2, 2017 to September 15, 2018**.

To request additional data beyond what is provided in this document, contact the HHS/ASPR [Technical Resources, Assistance Center, and Information Exchange \(TRACIE\)](#) at askasprtracie@hhs.gov or 1844-5-TRACIE (587-2243).
