## Health Sector Emergency Preparedness

### Course Syllabus

**Course Purpose.** The purpose of this course is to provide healthcare providers and suppliers with training in achieving the four core emergency preparedness elements outlined in the September 2016 Center for Medicare and Medicaid Services (CMS) *Emergency Preparedness Requirements for Medicare and Medicaid Participating Providers and Suppliers Rule*.

**Course Scope.** The one-day, 8 hour course is intended to assist healthcare providers and suppliers in achieving the four core emergency preparedness elements outlined in the September 2016 CMS *Emergency Preparedness Requirements for Medicare and Medicaid Participating Providers and Suppliers Rule*. The course provides instruction, guided discussion, best practice tools, and resources for the conduct of a risk assessment; the development of an emergency plan; the development of associated policies and procedures; the creation of a communications plan; and the training and testing of the plans, policies, and procedures.

#### Course Goals

- a. Understand specific healthcare provider and supplier emergency preparedness requirements as outlined in the CMS *Emergency Preparedness Requirements for Medicare and Medicaid Participating Providers and Suppliers Rule*.
- b. Develop knowledge and skill in achieving relevant emergency preparedness elements for your healthcare provider or supplier type.

**Course Length:** 8 hours

**Course Delivery Means:** Non-resident at a coordinated host location

#### Class Host Responsibilities

- a. Provide a classroom or auditorium capable of seating the expected audience
- b. Support recruitment of an appropriate audience from the 17 CMS identified providers and suppliers
- c. Provide a point of contact to coordinate the class(es) with the FEMA Center for Domestic Preparedness Non-Resident Training Coordinator
