Healthcare Operations During the COVID-19 Pandemic Speaker Series

Role of the Respiratory Therapist in Pandemic Response

Douglas S. Laher MBA, CAE, RRT, FAARC
Chief Operating Officer, American Association for Respiratory Care

Mr. Laher is the Chief Operating Officer at the American Association for Respiratory Care where he works as a senior association executive for the last 11 years. Doug is a Registered Respiratory Therapist of nearly 30 years and started his career working at the Cleveland Clinic as a bedside clinician, clinical educator, and department administrator. Doug received his bachelor's degree from The Ohio State University and his MBA from Ashland University. Doug's personal passion is backcountry hiking and educating hikers about trail and mountaineering safety.
