Buffalo Strong: Response and Recovery to an Active Shooter Incident

**Kyra Crepin, MS, MN-CEM**

System Emergency Manager, Allina Health

Kyra Crepin is a System Emergency Manager with Allina Health (primary sites include: Abbott Northwestern Hospital, Allina Commons, Owatonna Hospital, and Faribault Medical Center). She was previously an Emergency Management Specialist at University of Minnesota Medical Center with MHealth Fairview and was the emergency manager for the HCID Biocontainment Unit. She also served as an Emergency Preparedness Planner for Fairfax County Health Department in Fairfax, VA. She received her Master's in Emergency Preparedness with a focus on Infectious Disease Preparedness and Response from the University of Nebraska Medical Center-College of Public Health in 2017 and has given presentations at both the regional, state, and national level on various lessons learned. When not at work she enjoys hiking and spending time with her dog, Lillie.
