

ASPR TRACIE Roundtable

Lessons Learned from the Pediatric Tripledemic: Systems, Staff, Space, and Supplies

October 17, 2023 — 1:00-2:15 PM (Eastern Time)

The U.S. Department of Health and Human Services (HHS) Administration for Strategic Preparedness and Response, Technical Resources, Assistance Center, and Information Exchange ([ASPR TRACIE](#)) and [ASPR's Pediatric Disaster Care Centers of Excellence](#) invite you to “Lessons Learned from the Pediatric Tripledemic: Systems, Staff, Space, and Supplies,” where panelists will share lessons learned from the 2022-2023 pediatric surge due to influenza, COVID-19, and respiratory syncytial virus (RSV). Participants will learn about successes and challenges in information sharing, the use of specialty resources in response (e.g., Medical Operations Coordination Centers), augmenting staff, the use of telemedicine, and coordination with supply chain and coalition partners on medication shortage solutions. These findings can help participants prepare for and respond to future surge events.
