Healthcare System Preparedness Considerations Speaker Series

Using the ASPR TRACIE Burn Surge Templates to Build a Healthcare Coalition

Annette Newman, MS, RN, CCRN

Community Outreach/ Disaster Coordinator, Western Region Burn Disaster Consortium Coordinator

Ms. Newman is the Community Outreach and Disaster Coordinator for University of Utah Health Burn Center and has over 32 years of burn ICU experience. She coordinates burn education in a five-state region, and works closely with EMS, healthcare facilities, schools, community groups and coalitions.

In addition to burn prevention and outreach education, Annette is involved with State and National burn disaster planning and is a member of the Utah Healthcare Emergency Response Team (UHERT) and UT-1 Disaster Medical Assistance Team (DMAT). She is also the Western Region Burn Disaster Consortium Coordinator for the American Burn Association and a Disaster Preparedness Consultant for the Utah Hospital Association.
